

Voters' Guide for the November 2018 Elections

This guide is designed around the Social Principles of the UMC. Its intent is to provide UMC members with a benchmark to assess all candidates for Federal and State elections and their voting records or public policy and social policy positions against the similar positions taken by the UMC as described in the Book of Resolutions and the Social Principles (SP).

- This guide lays out a summary of some resolutions and positions in the structured order of the Book of Resolutions and Social Principles. **It will cover only those issues that are currently factors in this election cycle.**
- Gather information about all candidates and their public policy positions and compare them with the summary descriptions.

- Go to www.votesmart.org and <https://www.govtrack.us/congress/members/AZ> or <https://www.govtrack.us/congress/members/NV> for positions of elected representatives. Go to the websites of new candidates for their positions on issues.
- Add the names of the candidates in the columns provided and simply mark with a check mark if the positions of the candidate is similar to that in the Social Principles or with an X if it does not.
- Decide which candidate more closely aligns with UMC Social Principle. **Ask, which candidate best reflects the spirit and intent of the Social Principles.**
- Ideally as a UMC member you would seek to vote for candidates who reflect positions similar to the Biblical and Gospel narrative and of the UMC's position on public policy issues.
