

Why This Build?

- **Proximity** – It is a 4 hour drive from Phoenix or Tucson, with 54 miles on well-marked Mexico Highway 8, to 1Mission's Base Camp.
- **Brevity** – Building on a weekend means that it is not necessary to take a week or more off of work.
- **Cost** – a real International Mission Trip for \$280! This includes building materials, insurance (not vehicle insurance), meals, access to 1Mission's Base Camp. (Bunkhouse beds cost \$5/night, RV hook-ups are \$8/night. There is no cost for campers.)
- **Accommodation** – 1Mission's Base Camp is a former RV Park, complete with bunkhouses, RV hook-ups, camping areas, toilets and showers, dining area, even a swimming pool! Mission trips don't get more accommodating than this.
- **Families are Invited** – 1Mission does not have a minimum (or maximum) age. Children can work with parents.

The facilities, staff, and program of 1Mission, along with the Desert Southwest Conference's proximity to Puerto Peñasco, provide a unique opportunity for DSC churches.

1Mission has been building simple houses – sturdy walls, a dry roof, and a door that locks – since 2008. 1Mission transitioned from frame to foam construction in 2018, providing a larger, more efficient 4 room house.

1Mission's safe, accommodating Base Camp is 7 miles north of Puerto Peñasco, 54 miles from the Lukeville Port of Entry.
