

DISASTER RESPONSE SPECIAL EDITION

Desert Southwest Annual Conference

Last week from our supplies of Personal Protection Equipment in the Disaster Response trailer, thirty N-95 masks and 175 TyVek suits were delivered to the Northern Navajo Medical Center in Shiprock, NM. The donation was most gratefully received. The lead doctor at the facility wrote: *“Hi Polly! Thanks sooo much for the suits and resources. They are now located in our supply closet and came in time for our surge. Here is a picture of one of the suits and our morning staff.”*
