

CHILDREN & POVERTY TASK FORCE

Carolyn Blaney Arndt, Chair

The big project from 2020 was our request for information from all churches in Desert Southwest Conference about their programs and service that address Children and/or Poverty. We created a summary list from all churches who responded with contact information to be included on the conference website late spring 2020. In this way, those with a need or wanting to be involved in a specific Children & Poverty action might find information, join and/or learn from other churches with active programs and service for Children and/or Poverty in the Conference. The data list with contact information is available on our conference website.

In August, our Children & Poverty “Human Trafficking Facebook Page” unfortunately became misconnected as a QAnon anti-child trafficking page during the Presidential campaign and we decided to stop all posts at that time.
