Zoom Updates

Abby Alsayegh
January 17, 2023

Agenda

- Zoom Immersive Scenes
- Session Branding for Webinars
- Backstage for Webinar
- Translated Captions
- Resources and Support

Immersive Scenes

Zoom's Immersive Scenes make you and your team feel like you're in the same room, even when you're not. Immersive Scenes brings everyone into a single virtual environment, whether it's a boardroom, classroom, or cafe. When you're all together, you can communicate more naturally, feel much closer, and get more done.

The image shows a Zoom meeting interface. In the center, a video feed displays a woman with dark hair, wearing a dark blazer over a striped shirt, set against a blue circular background. To the right, a 'View' menu is open, listing several options: 'Speaker', 'Gallery' (which is selected and circled in blue), 'Immersive', 'Hide Self View', 'Show Non-video Participants', and 'Fullscreen'. A blue line points from the 'Immersive' option to the video feed. At the bottom, the Zoom control bar is visible, featuring icons for Mute, Start Video, Security, Participants (1), Chat, Share Screen, Polls/Quizzes, Record, Show Captions, Breakout Rooms, Reactions, Apps, Whiteboards, More, and an End button. The text 'Abby Alsayegh | Zoom CSM' is displayed in the bottom left corner of the meeting area.

Choose Immersive View +

This view will gather everyone in the same scene. Participants using older versions will view others with a dark background.

The Zoom Platform

Zoom's secure, reliable video platform powers all of your communication needs, including meetings, chat, phone, webinars, online events, and integrated hardware solutions.

A central diagram with the Zoom logo in a white circle. Surrounding it are icons for various services: MEETINGS (video camera), PHONE (phone handset), DEVELOPER PLATFORM APIs & SDKs (code symbol), ZOOM FOR HOME (house), ONZOOM (on logo), ZOOM APP MARKETPLACE (grid), ZOOM EVENTS & WEBINAR (stage), ZOOM ROOMS (group of people), and CHAT (speech bubble). All icons are connected by a dotted line.

Webinar Settings

Webinar Session Branding

- **Wallpaper image:** Hosts can make a session unique by uploading a branded wallpaper that is displayed in all views behind the video tiles and shared content.
- **Shared Virtual Backgrounds:** Hosts can set virtual backgrounds for each panelist, automatically applied when they join the session.
- **Name Tags:** Hosts can add name tags that are customizable to meet your brand colors. Name tags are automatically applied when panelists join and are displayed while their video is on.

Translated Captions

The image shows a Zoom meeting window with three video thumbnails. The top-left thumbnail shows a woman with a headset in a living room. The top-right thumbnail shows a woman in a white blazer in a library. The bottom-left thumbnail shows a woman in a blue shirt in a library. A 'Translated Captions' menu is open over the bottom-right area, listing various languages and options.
